Betty's eight-year-old is on the phone with grandpa.

The babysitter is suppose to call.

Betty and her husband Lou have not been out in months.

Call Waiting beeps in.

It's their chance to get out

Visual Call Waiting

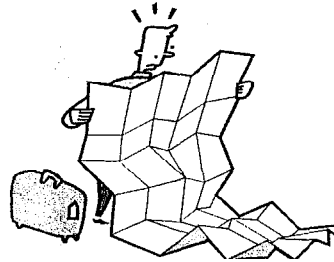

It's an easy way to see who's waiting.

Now, whenever you are on the phone and someone buzzes in, you will know instantly where the call is coming from so you can decide whether or not to answer your call waiting.

Visual Call Waiting is an inexpensive addition to your basic service\*.

**Call Mornington Communications at 595-8331 today!**

\* Requires a telephone with visual call display capabilities.

## Help Us Map High Speed Access

We will be expanding our High Speed Access to more areas in the 595 exchange. If you or your business have a potential interest in High Speed, let us know. We are in the process of identifying the best possible locations to service the needs of our co-operative members, specifically in the Millbank and Brunner areas.
