Mornington Communications
rewards Membership Loyalty with Patronage
returns of nearly \$105,000.00 to our members!

The Board of Directors are pleased to announce an
8% Dividend
payable on Local Service, Directory Advertising
and ALTO Long Distance

for 2005 to all members of the co-operative. In order to be eligible for the declared dividends, your account must be in good standing. For an account to be in good standing it must be no more than 30 days in arrears.

Dividend credits from 2005 are paid on this bill. Please check your bill carefully to be sure you actually need to make a payment. The Board of Directors approved the dividend rates for all members whose account was in good standing as of November 30, 2005. Dividends are calculated on the total amount of eligible services provided by the co-operative over the previous 12 months.

You must be a member of the co-operative to receive a dividend credit. For further details on becoming a member, call or visit Mornington Communications Co-operative Limited at 16 Mill St. East in Milverton, 519 595-8331.

Notice of Annual Meeting

The Annual General Meeting of Mornington Communications Co-operative Limited will be held at the Recreation Complex on April 19, 2006 at 8:00 pm sharp.

There will be an election of Directors, with 1 three-year position and 1 one-year position eligible. If you are interested in running as a Director for the Board, please contact Rick Banks for rules and nomination forms. These forms must be received at the office by 4:30 pm on February 28, 2006.

Mornington Communications also donates \$10,000.00
annually to numerous schools, service clubs and
sport associations and proudly supported the
Knollcrest Renewal project with a \$50,000.00 donation.

Security Systems and Monitoring Solutions NOW offered at Morningson Communications!

Security is about more than protecting your home - it's about feeling secure. Whether it is your house, cottage, farm or business, trust Morningson Communications to detect unwanted entry, fire, carbon monoxide leaks, temperature fluctuations and flooding all for one low monthly fee.

Morningson is pleased to offer a base package that can be easily expanded with equipment options to suit your individual needs and budget. The basic package includes:

- LCD Control Panel
- Two door/window sensors
- Transformer
- Motion sensor
- 24/7 monitoring services from SecurTek Monitoring Solutions

Customize your solution with additional features such as:

Smoke Sensors: Photoelectric sensors detect slow, smoldering fires. When an alarm sounds, the Securtek Monitoring station will dispatch your local fire department.

Panic/Medical Pendants: It allows you to contact the monitoring station with the touch of a button. It fits neatly into your pocket or can be worn as a pendant.

Wireless Backup: This equipment provides a secure, wireless method of alarm signal transmission to add protection against telephone line cuts.

Water Sensors: Positioned near potential problem areas, sensors can detect rising water before costly damage occurs.

Heat Sensors: These sensors monitor the temperature conditions such as unusually high heating levels. Freeze sensors are also available.

Carbon Monoxide Detectors: Provides early warning to you and your family before the deadly gas reaches a dangerous level.

Glass Break Sensors: Tuned to frequency of breaking glass, sensors help protect any large expanse of glass.

Do you already have a system? Morningson Communications can monitor your existing security system.
